

Matching Data With Charts

Goal 1: Highlight the fact that the total number of students served has increased.

Draw chart 1 below:

What kind of chart would you use?

Why?

Goal 2: Highlight the big increase in students served from lower-performing CSC schools over the past.

Draw chart 2 below:

What kind of chart would you use?

Why?

Goal 3: Highlight the differences by types of school (by CSC performance) in number of students served.

Draw chart 3 below:

What kind of chart would you use?

Why?

REFLECTING & REVISING QUALITY 301:
Telling Your Story Through Data

DATA TABLE FOR ALL CHARTS:

Category of school	# students served 2012	# students served 2017	Change
One: Excelling	200	100	-100
Two: Strong	100	100	Same
Three: Developing	50	200	+150
4: Emerging	50	300	+250
TOTAL	400	700	+300
