EQUITY

ARTS EDUCATION CREATES SCHOOL CULTURES THAT BUILD STRONG COMMUNITIES

Join us on June 14 as we honor the leadership accomplishments of our honorees and pay tribute to the 1,400 CPS arts teachers and 600 active arts organizations we serve. Together we will ensure that 330,000 CPS students and 636 CPS schools have equitable access to quality arts education programs.

Ingenuity's mission is to ensure that every Chicago Public Schools (CPS) student, in every grade, in every school has equitable access to the arts as part of a well-rounded education. Ingenuity collaborates with CPS schools, cultural organizations, teaching artists, arts investors, and civic leaders to institutionalize the arts throughout CPS schools. This ecosystem is transforming CPS schools and advancing the next generation of Chicago's creative leaders.

Since 2011, Ingenuity has driven the most arts education progress in CPS history! Today, 102,000 more CPS students have consistent access to the arts every year, and nearly 60% of schools offer high-quality arts education programs to 65% of the student population.
