RESOURCES & MATERIALS

artlook™ Map:
An interactive tool that allows schools, arts partners, and the community to explore, share, and use arts education data from arts organizations and CPS schools. Data from the artlook™ Map can help partners and schools coordinate the distribution of arts resources and services, and identify schools' arts needs.

School Quality Rating Policy (SQRP):
The district's policy for measuring annual school performance. Schools create goals for measuring their annual performance based on a broad range of indicators. Through this policy, each school receives a School Quality Rating and Accountability Status. Utilize this resource to understand student test score performance, student academic growth, school culture and climate, attendance, and graduation information.

Continuous Improvement Work Plan (CIWP):
CIWP is a streamlined, strategic planning process for schools that meet the state and federal requirements of a school improvement plan. The CIWP uses previous goal and strategy setting processes completed by the school from the SQRP metrics. Utilize this resource to help determine how arts programming might support schools to achieve priorities and goals.

Multi-Tiered Systems of Support (MTSS):
Provides a framework for delivering high-quality, differentiated instruction, and targeted support for students' academic, social and emotional, and health/wellness needs in all school and classroom settings. The framework includes both instruction and interventions with targeted supports for those students who require additional, explicit, and more focused instruction to meet the academic and Social Emotional Learning (SEL) standards. Use this resource to develop common terminology as well as supports on how to implement and embed MTSS in your arts programming.

My Voice, My School Survey:
A CPS survey collected from parents and guardians, students, and teachers about their school. Data is collected around school community, parent-teacher partnership, school safety, quality of facilities, and other items. Use this resource to better understand school culture and climate, and family/community perspectives.

Common Core State Standards (CCSS):
Educational standards that detail what students in grades K–12 should know, understand, and do in English, language arts, and mathematics. These standards are aligned to the expectations of college and career readiness.

Illinois Social Emotional Learning Standards (SEL):
A standard set that defines skills and content for social and emotional learning for students in grades K–12.

New Illinois Arts Learning Standards:
Updated Illinois arts standards identify what students should know, understand and do in theatre, music, dance, visual art, and media arts. They reinforce best practices in the classroom and provide updated guidance on what constitutes quality arts education.

KEY TERMS TO KNOW
School Culture:
The principles, values, attitudes, relationships, and written and unwritten rules that impact how a school operates.

Capacity:
The resources, knowledge, and support, such as staff and leadership, needed to successfully execute and oversee a program.

HOW DO YOU BUILD EFFECTIVE, IMPACTFUL, AND SUSTAINABLE ARTS PARTNERSHIPS?
The Arts Partnership Process is an interactive tool designed to help cultivate meaningful planning conversations between schools and arts partners. This five-step collaborative and reflective conversation process can be used to build stronger partnerships and implement unique arts education programs tailored to the goals, strengths, and unique capacities of schools and arts partners.

- How do you determine partner quality?
- What are your strengths and expertise?
- What is your capacity?
- What conditions are you looking for in a school?

- Creative Schools Certification Category rating

2. HAVE A CONVERSATION

ASK & SHARE:
- Does your organizational mission and vision align with, complement, and support the school's culture and climate?

- What is your capacity?
- What conditions are you looking for in a school?
- What are your shared goals? Are they measurable?
- What arts-based skills or techniques will be acquired by students in the discipline?
- What is the culture and climate of the school?
- What are students' previous arts experiences? What do they think about the arts?
- What are your learning priorities?
- How do you determine partner quality?
- What is your capacity?
- What is your story?
- What do students' families and the community want to see in a partnership?

3. WORK IT OUT TOGETHER

ASK & SHARE:
- What program will align with the school's needs?
- How can this partnership support or develop the school's plan for the arts?
- Is this partnership intended to be short-term or long-term? If long-term, what can you do to plan proactively for the partnership's long-term sustainability?

- What is your capacity?
- What are your shared goals? Are they measurable?

- Can the school commit to providing an adequate and consistent space for the activities of the partnership?
- What resources or materials are needed? Which can be provided by the school and which can be provided by the partner? Can each commit to providing consistent and high-quality resources and materials?
- How will the work of this partnership be shared? Will there be a culminating performance or exhibition? On what scale?
- What is a realistic timeline for this work? What is a realistic amount of time to plan for each individual?
- What do students' families and the community want to see in a partnership? What are their priorities?
- Tell the partner about your school's Multi-Tiered Systems of Support (MTSS) plan – can they help?
