

Summit Series FAQs

What will happen during the Summits?

- CPS Personnel and Arts Partners will receive resources and insights on how to build successful partnerships and arts programs from start to finish.
- Discipline-specific examples of arts integration within different program types will be shared.
- Attendees will also get helpful tips on how to best use [artlook® Map](#) as a resource.

After reviewing these resources, arts partners will remain at their designated tables and school personnel will have the opportunity to discuss partnerships with as many arts partners as possible.
