

Summit Series FAQs

Is there anything I should NOT expect?

Finalizing partnerships requires more time than what is provided at the Summits. Keep in mind that the Summits are designed to provide the opportunity for an initial conversation or connection to occur. As such, maintaining contact and fostering relationships is key in building an arts partnership. It is very common to see the benefits from attending a Summit at the start of the upcoming school year.

Additional Advice:

1. Be patient.
2. Don't be afraid to talk to new people.
3. Keep participating!
