

SY25/26 Chicago Public Schools Safety & Security Approved Teaching Artists

Please Note:

- School principals may still require teaching artists to obtain an additional background check at their sole discretion.
- Teaching artists on this list will need to obtain a background check via an approved arts vendor at least every 3 years from the date of their last background check.
- TAs asked to confirm their approvals on a school site should reference the TCN and arts organization of their most recent background check.
- Additionally, TAs and arts organizations can utilize this information to provide confirmation to schools.
